Hi Peggy,

It's al=ays fun to read your Oscar Diary. I was especially curious this year due t= the circumstances. It was nice to be reminded of your sense of humor, I d=finitely laughed out loud a few times. In regards to the checks, I have be=n receiving them. Thank you, it's very very generous of you and to be hone=t, they have been helpful but totally not necessary. Work is good right no= and I've been able to start saving again. Hope you're well and thanks for=sending over the article, it's great.

Dear Mattie,

Last week I was viewing the new crop of films from the other city of=brotherly love, Las Vegas. What better way to start the=new Oscar season than to check out films at CinemaCon.

I have sent =long this year's Oscar Diary. I always apologize for the lateness because =he abridged version, loaded with photos, doesn't appear in print until the April issue of Avenue Magazine.

I have attac=ed a PDF with my uncut, hopefully astute, version.

The story is=also online with photos at: http://www.avenuemagazine.com/serious-moonlight-peggy-siegals-oscar-diary/?ca=_id=9914 <http://www.avenuemagazine.com/serious-moonlight-peggy-siegals-oscar-diary/?cat_id=9914>

If it enlightens and/or amuses you, let me know. I always try to inject a little humor =n our daily lives.

P.S. The nex= pit stop is Cannes. Let the games begin.

P.P.S I hope you are well and working on films. I have been sending =ou monthly checks and not sure you have received them because you have nev=r acknowledged receipt. To date, checks total about \$9,500. Please confirm that you have received this money and any ack=owledgement would be appreciated.
