Subject: Female Personal Assistant

Good afternoon Ms. Prusakova,

I am emailing you regarding to the personal assistant position that Evelyn Luthra put out. I am currently 20 years old, will be 21 this coming June. I attend the University of Kentucky as a junior but have enough credits that I am graduating May 6th. Last summer, (2016), I was a personal assistant for Robert Flaxman in Irvine California. I was basically to run any errands, do anything he asked, and run in west hollywood home. I am willing to move to NY or Paris, as I am very open and flexible to anything. I have attached a picture of myself as well so that you can get a feeling for me. If you think that I would be a possible candidate, I would be happy to let you know anything else you feel is necessary.

Thanks,
