Subject: Jeffrey! Only 48 hours to go on our Kickstarter Campaign...

Hi Jeffrey,

RockPaperRobot is now entering the last legs of our  Kickstarter campaign <<http://bit.ly/RPROllieChair>> (it ends at 9AM Wed morning) for our shape-shifting, weather-resisting, lumbar-supporting, space-saving Ollie Chair.

Though we are over 300% funded, I have high hopes of getting to the finish line closer to \$300k. In order to do this, we will need all the help we can get.

We would be so appreciative if you would #sharethechair to your social networks (tag @RockPaperRobot too) and feel free to brag about the tremendous success you have been so instrumental in helping us achieve, even if merely by dint of inspiration.

Thanks so much,

Jess

ps. Of course, feel free to pledge for chairs too!
