We will go ahead and prepare a new concept superimposing the Chatea= l' Hoizon on GSJ, approximately where the existing house is, going=from aprox elevation 22' to 60', proposing a three story co=plex.

I know you instructed me to cancel the=trip but as you know we have incurred in some travel expenses already and h=ve confirmed flights and hotel for 4 people of my team.

Do you prefer we go ahead and cancel until further notice or per=aps it's better that we still go and make this presentation working=physically from the island? Please let me know your preference.

I think that if we stick to the plan and focus exclusive=y on the general concept of the Master Plan without going into detail=s now, we will be able to define the project soon.

Once we are in agreement with the overall location, views, shape, l=ok and size of all the buildings, then we can move on to the next stage= "Schematic Design" where we will detail every aspect of th= architecture as well as the interior spaces, doors, windows, functionality= etc.

Best regards,

Ramon Alonso
