I can move the divans aft a few inches to "center them up" on the red line on the window to express logical placement.

Will that work for you?

As far as moving them outboard, that outboard ledge is inconsequential as the divan backrests fall at that Butt Line (measurement inboard / outboard). We can however make the back rest cushions "slightly thinner" as well as the bottom cushions to open up the space between the divans.

Best Regards,

Eric

Jeffrey,

Attached is a one page pdf that illustrates the two (2) different floor plans- the bottom dwg is per our last conversation.

Please take a look, comment or call so that I know if we are heading in the right direction for us to provide you with a proposal.

P.S. Yes, those are two art deco or interesting lamps.

Best Regards,

Eric
