**Subject:** May I use our fedex for a document

Dear Jeffrey, would it maybe be possible to use our fedex account to attempt=to have a document fedexed from stellenbosch university to USA. I don't know if it will work with fedex in South Africa being useless, but it may be easier with an account.

My mom couldn't help me when she was there because they need it to come straight from the university.  
(Mama is now in London busy being a granny:)
