Good Morning

Planned to review this when membrane pre and post water treatment service is performed on the RO Parts for this did not arrive PBI as planned, I am looking into this today. Once service is performed and Calcium carbonate order arrives LSJ, water quality should be restored to normal parameters. As stated before there is already in place a UV and Filters to polish the water for the master bedroom. I will know more regarding schedule for RO service and Genset switch service this week. Will advise accordingly.

Regards Brice
