Subject: G650 fly/by/wire

Jeffrey

While in Paris this past trip, I spoke to the Gulfstream Fast Team mechanics, I asked him what was the most common issue when called out to the G650 =99s Gulfstream FastTeam support informs 80% of their call outs are for Fly-by-wire software issues, typically the 650 was Gulfstream's first attempt at fly/by/wire system, it is the test bed for the Joy Stick system in the G=00/G600

Thought that was interesting

Thx
Larry
