Larry,

Che=ron can't do it Monday. They will need to get the contract countersign=d Monday before leaving Tuesday. Please look at your schedule and try to c=ange it. We really need to stick with the movement on Tuesday and a test f=ight Tuesday or Wednesday. Thanks. Send me the work scope proposal as soon as y=u can too. Josh

Lar=y, That really kills an entire week when we could be starting the inspecti=ns. It would be best to really stay with the schedule that Chevron i= planning for....moving the plane on Tuesday and getting started. </=pan>

I still need to know if you've contacted Gulfstream Westfield and if

they are ready for us and we need to see your prebuy work scope in its
