Good Morning

Planned to review this when membrane pre and post water treatment service is performed on the RO Parts for this did not arrive PBI as planned, I am looking into this today

Once service is performed and Calcuim carbonate order arrives LSJ ,water quality should be restored to normal parameters

As stated before there is already in place a UV and Filter to polish the water for the master bedroom

I will know more regarding schedule for

RO service and Genset Switch service this week

Will advise accordingly

Regards Brice
