Good Morning

Planned to review this when membrane pre and post water treatment service is performed on the RO  
Parts for this did not arrive PBI as planned, I am looking into this today  
Once service is performed and Calcium carbonate order arrives LSJ, water quality should be restored to  
normal parameters

As stated before there is already in place a UV and Filter to polish the water for the master bedroom  
I will know more regarding schedule for  
RO service and Genset Switch service this week  
Will advise accordingly

Regards Brice
