Dear Jeffrey,

Unfortunately Noam does not own the physical archives anymore. He gifted them to MIT. But if so, since MIT is a non-profit institution, shouldn't Noam have received some kind of tax relief?

Best,

Valeria

Working on this. I'll send you the information as soon I receive it.

It was great seeing you.

I am expecting your reactions about the challenges.

Been thinking about "challenges." Attaching some salient ones that come to mind, on reflection. Couldn't really formulate them without some preliminary background comment, which will be mostly familiar from earlier discussion, but in case you're intending to show this to others.

Not Hilbert's questions, but the state of the disciplines is so radically different that it's more important, I think, to pose general challenges that have significant import well beyond language than to enumerate very specific and narrow questions, typically not of much general interest.
