We have a crew set to fly on Tuesday, Ma=ch 28th and do the test flight upon arrival or the next morning before the= fly home. I don't think there is any reason to delay the start =f this a week and I don't think that it is a good idea to deliver the =irplane on a Friday or Saturday and leave for the weekend. We need t= have an induction meeting when we arrive to make sure everyone is on the =ame page and Gulfstream is set to start. Can you do it in the beginn=ng of next week?
