Subject: Follow Up Info

I've pulled together the Follow Up Information on the topic that I called to discuss with you. I'll be sending it to you shortly

Also, I am on my way to Washington right now / While there, I will be meeting with Stacey for Dinner

Please let me know if there are any follow up topics that you might want to discuss along your thoughts pertaining to her working with the current Administration on behalf of the VI/Caribbean. I bring it up because it will be a topic of my conversations with her this evening
