Dear Jeffrey

Two questions.

1—do you believe the stock market will conti=ue to climb given what we have now seen of Trump-land? [Strictly confidential]

2—what do you think of the attached (N=1)?=You do not drink or smoke, probably do not inject etc. you swim or exercise every day, so yo=r heartbeat is expected to be low and less variable than average. Is your abi=ity to predict heart rate accurately—without holding your neck or wrist=E2?? positively related to your ability to succeed in the financial world—as the at=ached strongly suggests. Just give me and N=1.

Remember you asked me, what does self-knowledge have=to do with anything—and here is a most intriguing example.

I will send you a joke shortly

All best
