I think the preferred position for the house is int he cur=ent location of the tiny awful pool. I find st thomas ug=y, and the wind comes from the east. your ho=se location would make it impossible to be outside except for the ug=y st thomas side. . the other house on=the hill near the ruins suffers the same fate. WIND. =A0 having an eastern wall would block the best vie=. i suggest the current pool location is cradles in the arms =f two hills and the view is not compromised by st john or st thomas. =. much more tropical if one doesn see the ugliness. =A0 I think a spa on the beach , in stead of the current tennis=court would also be preferable , i would have driect ac=ess to ocean. and be able to walkthe beach after excercise or =assage.
