sorry, but please review the email i sent ♦=A0 carefully . the screen shot illustrates i= blinding light our differences. . tom s filling out the=forms is SOOO CRAZY. , he checks yes when asked if=asset ( boat ) is denominatd in a foreign currency , then he writes =quot; U.S. dollar ", as a response to "which foreign curren=y. " . then puts in an exchange rate of ZERO = point ZERO. and his explanation was that an excha=ge rate of zero in his mind meant " there is none." ♦=A0 THis could not have been reviewed by anyone who speaks english , =certainly not the review you told me had happened. and this is only O=E instance. .
