I think I should keep doing internships until I don't find a job that pays well and in the mid time increase my instagram followers. My agent of N=xt told me that if I reach 100k followers I can get payed between 100k and=200k per year. Alaïa is good for work experience for like 6month and =ake contacts but then there is no future since they have no money. But it's a good base... what do you think? My boss also lied to me telling me = couldn't get paid more than a 1000 euros per month when the minimum salary in France is around 1200, under it's illegal
