Subject: The Undergrad Origins Research Award Program

Hi.. a quick note.. We wanted to do this again, on a scaled back level. You gave \$100K for 2 years worth of 5 projects per year, and it was really successful as the undergrads involved all got incredible graduate fellowships at major institutions. Would you be willing to continue supporting this this year. We thought of only providing 2 such awards, for \$20K..

More later, but I am slammed, and heading to UK tomorrow.

Best
