Good day Rich

There are several problems with the mount on the gym. It is =usted to the point where a new reflector will break it and it seems =ike the lightening arrester was removed.

Earl and Hector both recommend that a temporary 5' to 6' pole =e installed in the back of the gym facing the tower. They can =egin Monday and it is a 48 hour installation.

Earl and Hector will advise on a permanent solution and =ubmit for approval.
