Dear Heather,

Please find enclosed our facility report that =includes details on climate control, security, etc.

If your artwork stays in the storage area more than = months then it is not considered "in transit" anymore, =o the storage fee rises a bit. The price would thus be 70 € + VAT for 3 months and 100 € + =AT after that.

The smallest private space left in our facility is =8 sq. meters which I fear is far too big (this would be 850 € + =AT per month).

I precise that even if your crate is stored in a =ollective area it does not mean we move it more. And if so happens our =specialized handlers move it and you are notified in advance of course.

Please do not hesitate if you need any further =nformation.

Best regards,

Lisa Tourenne

Dear Anne-Sophie,

Thank you for your email. Can you please tell me what temperature and humidity controls you have in place in the area where the sculpture will be stored? Also, is there an option to have the sculpture stored in a private room instead of in a general space with other objects and, if so, what is the cost? We are concerned about it being moved around a lot.

I am confirming with the owner now, but I believe he will be keeping his own insurance on the sculpture while it is at the warehouse.

Best,

Heather

Dear Heather,

The presentation took place today morning. With Muriel and Chantal's supervision, the work has been repacked (front panels) and transferred to the safe at presentation end.

With reference to your email yesterday, we can certainly have the work stored in our warehouse.

I can offer 70€ HT/month (any month started is due in full). Insurance is not included in this price.

Please let me know if you would like to proceed and if I can help you in any way.

Best Regards,

Anne-Sophie for
