Good day Rich

There are several problems with the mount on=the gym. It is rusted to the point where a new reflector
will break it and=it seems like the lightening arrester was removed.

Earl and Hector both recommend that a temporary 5' to 6' pole be installed in the back of the gym facing the tower. They can begin Monday and it is a 4 hour installation.

Earl and Hector will advise on a permanent solution and submit for approval.
