Gyro installed, =hould be in air by 3:30pm our time, ETA St Thomas is 7:15pm.,

Mick their pilot called STTcustoms and got Overtime appro=ed to receive them, he explained they are coming from Canada for a pickup,=he didn't mention names, my guess, Customs will approve Overtime for C=mmercial / 135 flights,, I'd imagine customs thinks the GV is a charte= flight.

Should we set up for departure at 8=30pm?

Thx
