I htought it might be helpful if you had real facts =efore we speak. could you please ask yourself , do you =hink you have been fair. - truly . I know i dont think s=. I m certain karp doesnt think so but you can check with him =ourself. and i was told repeatedly by wechsler that you "=just dont like paying money" though he called to say how much &=uot; value you and he thought i had contributed :IT appears that th= only person that knows the facts that thinks you have been fair is you.=C2 ask yourself how is it possible that you havent even offered =o reimburse me for money paid out on your behalf . mone=s for your tax returns in april. october , the gift tax. , and the =ift tax audit and its results all took my time and expertise (me , the on=y professional that you choose not to pay , as you continue to suggest tha= you" expect" things from me.) I would ask yo= why you would ask me to detail the largest transaction in your personal l=fe and then not pay me for that work. I believe in you I cant figure=it out You have in the past suggested that our negotiated for=ula was never in play though each time the subject of money came =A0 up you have historically said i need to see " value " =C2 , but then , even when shown you have to admit to =ourself that you created a different reason not to pay. . =A0 ask yourself if the original giacometti , schiele plus transaction had a balanced component. that allowed bot= you and I to benefit . but the fee component was =gnored . and you said , if I can take you at your word, = . the work you dismiss on the 8865 as only a few changes. =A0 after hours and hours of work, leads me to the conclusion that =A0 focusing my time on your risks is not really worth it to either you or = . With your new self reflection, there is no rush to any of t=ese answers , take the time to really think about what ive said. =A0 I have little enthusiasm for further interaction with your office. =A0 Barry called this morning , and I gave him a broad stroke visio= to the TRA . however as you know, still nothing done on the f=ll fire drill or further estate plan. There is no hurt involve=. I know that you would never intentionally do anything that would c=use me hurt. It is frustration that your behavior is so high risk an= self destructive and my inability to guide you to a place of safety with =he recognition and compensation that it deserves. Saving you f=om yourself and then being told you cant see the value is hearbreaking =A0 not hurtful.
