Had a good conversation with Susan they are willing to do the trip on Wednesday morning., The airplane is in Canada and they have to move their pilots from Savannah up=to Canada tomorrow afternoon, She indicated a price of \$11.5M,,, but possibly lower for a quick easy deal s=nce a Gulfstream prebuy was accomplished 6 months ago., She also informs a price of \$30 to \$40k ish to accomplish the demo,,they are=working he numbers now, they would refund half of this money if you purchas= the airplane.,.

She already knows legally she can only except twice the amount of fuel plus p=lot expense for a demo flight.

I figure total of 11 hours flying and a fuel consumption of approximately 46=0 gallons total.,.

Toronto Canada to St. Thomas to Teterboro to Virginia would be GV movement.,=Susan will forward me an official email shortly that I will forward to you e=plainining this trip.,

Thx

Larry
