Had a good conversation with Susan they are willing t= do the trip on Wednesday morning.,

The airplan= is in Canada and they have to move their pilots from Savanah up to Canada=tomorrow afternoon,

She indicated a price of \$1=.5M,,, but possibly lower for a quick easy deal since a Gulfstream prebuy =as accomplished 6 months ago.,

She also informs=a price of \$30 to \$40k ish to accomplish the demo,,they are working he num=ers now, they would refund half of this money if you purchase the airplane=.

She already knows legally she can only except=twice the amount of fuel plus pilot expense for a demo flight.
