Saw both katya today, the original one (with the baby) said she had three c=ndidates, all on them in NYC right now. She wasn't sure if I liked the= or not and said she would send pictures tonight when she got home. Hope a= least one of them is ok.

The second one didn'=t have anyone.

Svet is moving out from the =f and said she could meet, starting the end of the week - she needs to mov= out asap.
