Subject: TSG Invoice for Service Rendered

Ann and Brice,

Please see attached invoice for service rendered at the RO plant in October and December. The calibration solutions were requested by Smiley.

We are working today on a quote for the two requested Profibus repeaters and membranes, etc. We will not include labor on the quote as it is difficult to estimate site time in advance.</=>

The cost for the Danfoss conversion will be provided separately as it will require some engineering time and our Florida office has many people out for the holidays.

Best regards,
