Ann and Brice,

Please see attached invoice for service rendered at t=e RO plant in October and December. The calibration solutions were requeste= by Smiley.

We are working today on a quote for the two re=uested Profibus repeaters and membranes, etc. We will not include lab=r on the quote as it is difficult to estimate site time in advance.<=>

The cost for the Danfoss conversion will be provided separately as it will require some engineering time and our Florida office has many people out for the holidays.

Best regards,

Bob Petersen
