10 is a level3 (the company IP), the others belong to IPTP ltd. I think Comcast works with level3 and then the routing algorithm decides that IPTP is the fastest route to the destination.

Hi Lesley,

How are you? Jeffrey tells me that you should know his schedule after Friday= Can you let me know where he's going to be in Jan once you know?

Mine at the moment is:
Boston 01/02 - 01/13
NYC 01/13 - 01/16
Milan 01/17 - 01/27
London 01/27 - 02/06

I'm somewhat flexible while in Milan (should Jeffrey be on this side of the Atlantic).

Thank you and Happy holidays!
