Hello Jeffrey!

Thinking of you as I sit here on my beanbag in the early morning light... love listening to the beetles and frogs chirping in the background. It's been a long time my friend since I've been in touch....but just wanted to say how ironic =.....thinking about how we used to walk around in your secret service sweat suits....and hitch rides with Donald 20 yrs ago!!!!...what is Mr Epstein up to these days!!! You've been on my mind a bit... I'm writing.....working on a biography! My life is bliss... Thanks partly to have met you so many years ago.... Thank you for all you exposed me to, you are amazing!
