Hi Jeffrey,

I met with the Commissioner of Education and, according to her, the Black Aerospace Professionals is not an approved public school program or initiative. We can take the position that, because the governor asked you (in writing) to donate to this entity, we are therefore considering it to be a public school initiative even though it has not been officially sanctioned as such by the VDOE or the EDC (Note: all the programs and initiatives get specific individual letters designating them as such by the DOE and the EDC).

Please let me know how you want to proceed re the treatment of the Black Aerospace Professionals.

With warm regards,

Cecile
