I don't think t=ere is a scale or topo problem... perhaps the ladies residences could be a c=ouple feet less high but it's close to what it will be.

<=iv>

Look at the elevation of the existing houses; they are ar=und the 35' elevation marker.

Of course th= raw model looks like a cheap development because there are no finishes or v=getation but right now all we need to define is size, location and elevatio= and verify views, winds, sun...
