VIW=PA has added a new leg around St. John and we are modifying the permit, wh=ch is good, because it gives us time for ACE to get the non-compliance lif=ed or else the LSJ-GSJ leg will have to be dropped.

While I am modifying the permit do you want me =o go ahead and change the LSJ-GSJ cable to the shorter run between near th= LSJ dock and near the proposed GSJ dock. We are planning to have th= revised permit submitted in two weeks and CZM said they'll be able to=issue in just a couple of weeks. ACE will take about 60 days.
