Subject: Generator

Good night all,

At 8:26pm the power went down and the Generator came on. Hopefully it's nothing major but it was a smooth switch over with no interruptions to the A/C units or Computers.

I thought it would've switched back over to WAPA by now but nothing as yet. It could be due to bad weather that we are experiencing.

I'll keep you posted, still nothing from Bryan's Electric.

Ann R.
