Subject: BBJ

Jeffrey,

I've been studying the specs on the BBJ, With 9 aux tanks installed on this BBJ, I figure the range of 13.5 hours of h=ng time. 14.2 hours of fuel.

Holds 71,000 lbs of fuel, (10,597 gallons) and burns 5200 lbs per hour (775 g=llons per hour) Mach .78 440kts average, or 5000lbs per hour long range cru=se. Mach .74 or 420kts.,

Mach .80 is 460kts and burn of 5500lbs per hour., Nice range
