Larry,

In our conversation yesterday, Jeffrey Epstein also indicated interest in a Gulfstream G550. We discussed our current available options and attach these for your consideration as well.

Key features and proposed pricing are as follows:

* 2005 Gulfstream G550 #5071 = one owner (Luxottica Italy), both EASA and FAA capable, excellent pedigree, highly optioned & programmed, enhanced certification, 14 passenger forward galley configuration, new aircraft has delivered and now offered at reduced price of \$24,950,000 asking

* 2010 Gulfstream G550 #5265 = U.S. registered and located in Teterboro, only 1334 hours and 586 cycles total, highly optioned & programmed, enhanced certification, 17 passenger aft galley configuration, April 2015 Gulfstream Savannah Premium package ARCS inspection, recent price reduction to \$34,950,000 asking

Owners on both are highly motivated and all reasonable offers are welcome.

Let me know if either of these might be of interest as well.

Best regards,

Victoria
