**Attachments:** Jeff Epstein Sony Product Proposal.pdf; Untitled attachment 00498.htm

After speaking with Celeste she is indicating projector and other equipment can ship out next week but would not commit to a date.

I told her she must verify if it ships next week that local authorized Sony installer Jim Cloud must be available to install by end of next week.

She also would not move on her pricing on first Sony projector as it is still not available to the public. She is awaiting feedback on discounting that can be offered if we purchase more units.

Celeste requires full payment upfront to process the order.

Equipment Price per invoice with sales tax below: 31,744.46

Installation Price: =nbsp;2,100.00

Total Cost: > 33,844.46

note - he used 9% CA tax vs New Mexico tax of 7% which i will correct if we proceed

Please advise

I apologize for the delay in response. As =rice knows, I recently had a death in the family and had to attend to =hat. I want to thank you for your patience. As for Jeff's Sony =roducts for his ranch, I've attached my product proposal. As it turns =ut, the release of the 4K Projector has been pushed back to =id-December to end of month. As discussed with Brice during our =onversation today, I have been diligently working with our projector =anagers in putting an urgency on this order. It is highly recommended =hat we proceed with the order as soon as possible so that Jeff's =riority will be placed on a high level. Let me know your thoughts on =he Sony projector and AV components J I look forward to hearing =rom you soon!

Best,  
Celeste
