# SE Series 4 Exterior Solar Shade

## ***SPECIAL NOTES:***

When measuring the screen for an outside flush/surface mount, remember to allow for side tracks (each side is 2 ¼") and remember to allow for the height of your housing plus the height of the hem bar (1 7/8" plus brush size) so that nothing is in the opening. For inside mounting, always take the narrowest measurement and deduct ¼" to ½" to allow for fastening heads and "L" mounting channel thickness (this would be total for both sides). Always use longest measurement for calculating your drop.

Fabric seams will always run horizontally. They are placed as high as possible unless otherwise stated. Seam placement is from the bottom of the hem bar up to the seam

## **APPLICATION DATA**

- Interior/Exterior Use
- Maximum: 18 (w) x 10' (h)
- Low to High Wind Application
- Window, Patio & Garage
- Advertising Display

## **FABRICATION DATA**

- Registered ISO 9000/9001
- Extruded Aluminum
- Nylon Components
- Powder Coat Finish
- 3 Inch Roller Tube
- Stainless Steel Fasteners

## **STANDARD FEATURES**

- Extruded Aluminum Components
- Side Track Retention System
- Built-in Dual Screen Cleaning System

## **ELECTRICAL DATA**

- AC Motor Specifications: 120 VAC/60Hz
- 2 to 3 Amps
- FCC Approved and UL Listed
- Somfy/RTS Motor Drive System
- Home Automation Interface Available

## **STANDARD HARDWARE COLORS**

- |               |                |
|---------------|----------------|
| • Black       | • Green        |
| • Bronze      | • Navajo       |
| • Brown       | • Tan          |
| • Desert Sand | • White        |
| • Gray        | • Bright White |
