Attached quote from Colorado vendor=came in higher than expected at 122,500. Other vendor agile, who does a lot=of Caribbean work came in at 94,440. Are you still comfortable to proceed w=th turf and sand? Should I get a third quote or begin negotiating agi=e quote of 94,440. Please advise.

Richard:</=iv>

I have attached our bid for the tennis Court proje=t that we have been talking about in St. Thomas, on Little St. James Island=

The bid takes into consideration that we would r=ceive the site ready for all of our proposed construction. Specifical=y, a 60' X 120' asphalt pad will be placed on site by owner and meet ASBA s=ecification standards. Should you need any specific information on th=s construction specification, please do not hesitate to inform me of your n=eds.

Otherwise it is pretty straight and forward. As f=r schedule we would be able to meet your construction time frames, being ab=e to start when all materials reach the jobsite.

Sincerely,

George Sta=lin

President
