Subject: link to first news piece on FA/sprinting paper

dear men

our paper has already received notice in an on-line publication called Runner's World

<http://www.runnersworld.com/general-interest/knee-symmetry-may-predict-sprint-prowess>

that should quickly lead to international publicity

i met yesterday with the head of the Jamaican Track and Field Association regarding measuring 100 elite sprinters; he is entirely encouraging, i have assembled the research team and as this article makes clear--now it is Nike, Adidas and Puma's turn to step up to the plate--let's hope they do !

warmest best wishes from Jamaica

bob
