Jay, we need to seriously focus on doing t=is. Aside from the ones listed I have a 1bn sales co we can get control of f=r 7mm. A 600mm asset co we can get control of for 10-15mm and a 5.5bn sales=co doing 350mm ebitda and 400 next year for 20-30mm. Time to make it h=ppen. In NY all week.
