Jeffrey,

████████ is not responding to my email. I =ontacted the school and was informed that in order to process her =pplication they require $50 application fee, $150 international fee and =500 deposit for the short program course or $1000 for long program =master degree,..)Without the payments application will not be =rocessed. She will need to verify start date and location (NY, =A..) and submit transcript from college or high school. After the =pplication is processed she will be contacted by the international =epartment and they will issue i20 that she will need to bring to the =mbassy to get a student Visa F1.
Email from =chool attached.

Please advise what amount =should pay to the school.

Thank =ou,
Bella

Hi, your application is incoplete so I need you to fill out =he attached application and email it back.

If the program is a = year or longer fill that one out, if it is a shorter program fill out =he short term application.

I have also attached the credit card =uthorization form for the fees:

$50 application fee
$150 Intl =ee
$ Deposit of either $500 or $1000.00 depending on if the deposit =s for a one year or longer program (1000$) or shorter ($500)

We =ill also need you transcripts sent to:

1

NYFA
100 Esst 17th =t
NY NY 10003
Attn: Registrar

They need to be translated =nto English and sent with the original.

Once we have these items =he Intl. Dept. can start the I-20 Process with you!

Contact me =ith any questions and I look forward to helping you!

Richard =lark
