We=were prepared to replace the piece of veneer at your seat position to =ccommodate the switches. We would carefully strip an existing =iece of veneer (that would coordinate with the ledge) from the old =onference table and seam it outboard of the table lid and the phone =id.

We=can not do that with the other ledges, so we can not reposition the =witches at the other 3 seating areas, nor can we delete the cup =olders.
