I =an not get a carpet to match the Stark carpet in time nor for the same =r similar cost.

Ho=ever, I had a sample fabricated (is being delivered to me tomorrow =orning via fed ex) is a tone on tone using a pattern that you and I =irst looked at.

Pe=sonally, I believe it will look fantastic. It will pick up the =oloration of the wood and add an interest to the =arpets.

We=will take the carpet sample and place it under one of the seats and =ave a piece of the woodwork included so that you get an =overall.

To=what address can I send the carpet for a SATURDAY delivery to =ou?

Se=arately, we need to install the 100VAc outlets in the lower side =anels. Some clients want them outboard of the seats so that they =o not see them when they are not in use, other want them readily =oticeable. What would you like?

At=present they are outboard of the seats at the bottom portion of the =anel / out of view until you track the seat to gain =ccess.

99= of our clients keep them out of plane sight.

Pl=ase let me know so that we can cover these =anels.

Th=anks.
