Jeffrey,=/o:p>

</=:p>

Attached are =hree (3) different carpet samples against your leather, wood, plating =nd divan fabric.

</=:p>

The =hoto's don't do these justice as these photo's takes =ome of the life from the actual materials.

</=:p>

I can have =hese made in 4-5 weeks.

</=:p>

Personally, = like the light color carpet the best. What is not evident in the =hoto is that this carpet has a simulated white color silk that provides =hat silk like sheen where you see white, so it coordinates extremely =ell with the leather and the pearlite metal =lating.

</=:p>

Lastly, a =arpet to "simulate" that Stark carpet is about 8 weeks =fter approval of a strike off sample (which will take 2 weeks - so 10 =eeks total time).

</=:p>

Your =houghts?
