Jeffrey,

When you =originally asked for the balance sheet, I asked to sit with you to =discuss the details as I do not like to take a passive role in these =type of decisions. On Feb 4th you asked for me to prepare a draft =document to work from, otherwise you felt there was no need. I acted on =our second request and not your first. This could have been a =misunderstanding on my part. The most up to date balance sheet is =attached below.

I look forward to hearing how you =ould like to move =forward.
