Jeffrey Epstein VI Foundation
6100 Red Hook Quarters, Suite B-3
St. Thomas, Virgin Islands 00802-1348

Dear Mr. Epstein:

We are so grateful for y=ur continued support of our work at the Melanoma Research Alliance (MRA). =e were delighted to receive your commitment to MRA's biennial benefi= dinner at Sotheby's to support MRA's research portfolio.

=/p>

More than 200 supporters joined us in celebrating th= progress taking place in the field of melanoma research during our benefi= dinner last month. It truly was a wonderful night, as we honored the scie=tists and doctors who are dedicated to defeating this disease, and also raised \$5.8 million. As you know, 100% of all funds raised go directly to support MRA's research program.

=/p>

Please allow this letter to serve as confirmation of=your pledge for \$225,000 for a Young Investigator Award. The Young Investigator Award program aims to at=ract early career scientists with novel ideas into melanoma research, ther=by recruiting and supporting the next generation of melanoma scientists.

&n=sp;

Since we began our work, we have seen dramatic progr=ss in the field, with 11 new therapies coming to market for patients with =elanoma – including three in the last month! MRA has been at the for=front of some of the most promising research, providing critical funding to elevate the pace of discovery. The impact is=being felt throughout the field of oncology.

Enclosed please find an invoice for your commitment.=Please contact Logan Kastner, Director of Development and Marketing, at ([REDACTED] or [REDACTED] </=> [mailto:\[REDACTED\]](mailto:[REDACTED])) , with any questions.

At the Melanoma Research Alliance, we are committed =o funding the best research and brightest minds throughout the world. With=your support, we will continue to change the field for all those impacted =y melanoma.

With sincere appreciation,

Robin L. Davisson, Ph.D.

President & CEO-Elect
