**Attachments:** Island Tropicals phoenix-canariensis-canary-island-date-palm-pineapple-palm-1000133377-1349706522.jpg

Greetings Sir,

Island Tropic=ls has Canary Island date palms sized 10 to 12 foot ct - which are 22 to 2= feet overall height as you requested.

=br>

Their cost is \$400 per CT or \$4,800=per each 12 foot CT palm.

Palms: ♦=A0 =3D 10 @ \$4,800 = \$48,000

Container each 4-5 palms = 3 @ \$5,518 = \$ 16,=54

Phyto certificate: =C2♦ = 1 @ \$ 55 = \$ 55

<=iv>Tarps (open top containers) = 3 @ \$ 175 = \$=525

Excise fees = = 3 @ \$ 100 = \$= 300

Broker fees: = = 1 @ \$ =C2♦75 = \$ 75

Trucking: ♦=A0 =C2♦ = 3 @ \$ 390 = \$1,170

Tractor Head rental= 1 day = 1 @ \$ 650 = \$ 650

Island Tropical Estimated Costs: \$67,329.00

Attached for your review is a photo of the 10-12 ct Canary palm. The oth=r photos the vendor sent so far are of much shorter Canaries and also samp=es of their Silver Date Palms. I have requested additional photos of the C=naries, untied if possible.

Respectfully submitted, Daph=e
