"What I wanted to say is that I am a bit worried that I will be a disappointment maybe. I will always do my best and do all I can but I was not 100 % comfortable with some things last time so I wonder if it's okay to say no or skip some of the things. Or is it really a part of the job? I think there is lots of things I could be useful for but if it's necessary to do those things=I wasn't so comfortable doing, please let me know! So I know when I fly to N= what I said yes to. I am a little bit confused what's exactly my tasks. What I am expected to do. I know it's making Jeffrey feel good and making everything easier for him. But I mean more specific what do u exactly expect from me? I hope u don't take it bad that I am asking. I really like you so much and the others and I want to get to u know you and Jeff better and I would=love to work with together. It's an amazing opportunity for me and I really=appreciate everything. So don't take it wrong my love!"
